

June 2010

Mr. Bill Cowin
Ketchikan Drywall Services
21828 87th Ave. SE
Suite 200
Woodinville, WA 98072

Dear Bill,

On behalf of your AMERICA'S EDGE staff, we would like to extend a warm greeting and welcome to you as a member. We appreciate your membership and involvement, and are delighted that you have decided to join business leaders across the country in working to strengthen businesses and the economy through proven investments in children and youth.

We are greatly honored to have you as a partner. We will work hard on your behalf to protect America's competitive edge in a global marketplace and establish a foundation for sustained economic growth, while helping our nation's children get on the right track.

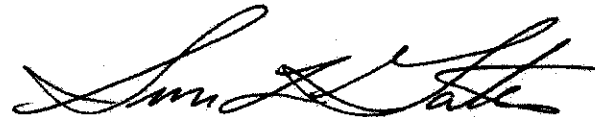

AMERICA'S EDGE will monitor current and upcoming legislation and offer you opportunities to discuss proven approaches that promote school readiness, a world-class workforce, and, ultimately, a stronger economy. We will help you accomplish this by:

- Authoring opinion editorials and letters-to-the-editor on your behalf for you to submit to your local newspaper;
- Drafting and submitting letters signed by you and your colleagues to policy-makers on key issues impacting these issues;
- Arranging meetings with state legislators, Members of Congress, and other key decision-makers for you to voice your concerns; and
- Coordinating press events for you to speak out on issues important to you and your communities, gaining positive press and community recognition for your work.

By supporting proven investments in children, we can help you attract and retain the best employees for your business. At the same time, together we can strengthen our communities by ensuring all children start school ready to learn, preparing them to ultimately have the 21st century skills businesses need to succeed.

We thank you for your support and look forward to working with you more in the near future.

Sincerely,

Susan L. Gates
